

## **Welcome to Virtual St Andrew's**

While we are unable to meet together as a community, we can still meet together in virtual community, through the magic of the internet. The great thing about streaming the service on Facebook is that even if you are late, when you click the link it will start at the beginning; you won't miss a thing. And if you're busy at 10AM, it will be available to you to watch later. No matter when you join the stream it's all common prayer in community.

## **Download the readings**

First, download and print the Bulletin for Mourning Prayer and the readings for the day. Hang-on to the bulletin; we will use it each week.

## **Connecting to Virtual St. Andrew's Via Facebook Live**

1. The first step is to go to Facebook and at the top of the page search for St Andrew's Episcopal Church Irvine. It should be the top result in the search results. Click on the heading. That should take you to the St Andrew's Page.
2. If you have done so, click on the <Follow> button. That will make sure you get our notifications.
3. On the left hand side find the "Videos" heading. Click on that. You should see our Facebook Live notification. Click on it and the video stream should begin

## **Connecting Via StAndrewsIrvine.org**

This is not the best choice. The bandwidth will be better connecting directly to Facebook. However, in a pinch this method can be used.

Go to the St Andrew's website. On the right hand side of the page, perhaps a little way down, is the Facebook Page window. The video stream should be visible; just click on it.
